

Show and Tell

Speaking and listening is an important part of our curriculum and show and tell is the perfect way to learn these skills as well as raising confidence and self-awareness. We would love to learn more about your child and their interests, so we have put a rota together to enable each child to take turns and talk to the class. This can be about anything related to – Marvellous me – our first topic. For example, they could bring in a photo of their family or a favourite toy to share with the class. You are also welcome to upload photos to tapestry so we can open them to show the class.

Show and tell offers the opportunity for each child to stand up and talk about themselves. Please help your child prepare what they will need to talk for about three minutes. As they are just starting out in their new school journey please remember to give them lots of praise and encouragement along the way.
