

Ukraine Appeal

Thank you for your very generous donations to the Red Cross Ukraine Appeal. In such desperately sad circumstances it is wonderful that our school community can be so generous in helping those affected by the terrible events in Ukraine. We have given the **£465.46** donation to the British Red Cross. We will look to organise future collections at some point soon.

Year 2's visit to the Yorkshire Wildlife Park

This week the Year 2 children visited the Yorkshire Wildlife Park and got to see some wonderful animals up close. It was a really enjoyable trip for the children who were able to learn about different animals' habits and behaviour.

Attendance

In the last week of last half term the attendance winners were:

- EY/KS1: Mercury Class (Year 2)
- Key Stage 2: Iridium Class (Year 6)

These classes will enjoy 10 minutes of extra playtime - congratulations to both classes!

Coffee Morning - 9:45am, 25 March in the Science Lab

We would like to invite you to attend a coffee morning in school on Friday 25 March. The event will be an opportunity to learn more about the *Zones of Regulation*, which we have launched across school to support our children with learning about their emotions. The Zones are a fantastic way to get children talking about managing and regulating emotions both at school and at home. We will be offering coffee and cake and some resources to take home with you too. Please come along!

Trips

We are pleased to confirm that Reception's trip to Cannon Hall Farm on Wednesday 22 June is to go ahead. Please note payment of £13.50 is due by Friday 20 May.

- Year 1: Leeds Playhouse to watch Zog, 31 March, cost £6.00 payment due by Thursday 24 March.
- Year 5: PGL 4 to 6 May, Balance payment of £71.50 due by Friday 18 March.
- Year 6: PGL 13 to 15 July, Interim payment of £106.50 Due by Friday 18 March.

If you haven't yet paid, please log onto ParentPay and make the secure payment. If you have any queries, please visit the school reception office and ask for Mrs Tonner.

Science Week

As part of Science Week, the children have been engaging in a range of exciting activities and enquiries throughout this week. This has included investigating pivots and teeter boards as well as how bacteria grows on different surfaces in different conditions.
