

Year 3 Den Building

Year 3 will be taking part in an outdoor learning workshop on Wednesday 30 March 2022. All the children will have the opportunity to design and build a den using basic materials and learn some simple bush craft skills. This activity will give children the opportunity to experience new things and learn in a different environment alongside developing their team work and problem-solving skills.

As the day is very practical and will be based predominantly outdoors on the school field we are asking you send your child in the following clothing:

- Warm and comfortable outdoor clothing such as tracksuit bottoms and a jumper
- A waterproof jacket
- Wellington boots / appropriate trainers

Parking near school

We continue to receive reports about inconsiderate and illegal parking around the school site during drop off and pick up times - particularly on Magpie Lane. This is a serious safety issue as well as a significant inconvenience to local residents. Please ensure you are able to park safely, even if it means leaving your car further away from school. Your cooperation and support on this matter is much appreciated.
