Dear Families,

Show and Tell

Well done to all the children who completed their Show and Tell session last term. Everyone spoke with great confidence and impressed the teachers.

Our Autumn 2 topic is called 'Let's Celebrate!' During this topic we will explore a range of celebrations. They will also be encouraged to describe their own experiences of celebrations and describe this to their peers. For this half term's Show and Tell sessions, we would like your child to bring in a photo or memory about a special festival or celebration. This could include a birthday, wedding or a religious festival. Photos can also be uploaded to Tapestry. These photos will support your children in speaking.

Show and Tell offers the opportunity for each child to stand up and talk about themselves. Please help your child prepare what they will need to talk about. Once your child has completed their Show and Tell, you will be able to view this on Tapestry.

Please see the rota below for Show and Tell sessions.

Rota for Apple Class Show and Tell
