

29 November 2022

Dear families,

What would you like to be when you grow up?

To launch our topic 'People who help us', we would like the children to come to school dressed up as the profession they would like to be when they grow up. This could be anything, for example a vet, farmer, teacher, doctor, dancer, builder. This will be an exciting day for the children, where they will be immersed into the new topic. During this day, they will be introduced to the wide range of occupations available to them in the future. The dress up day will be taking place on **Friday 6 January 2023**.

In order to expose the children to a wide range of occupations, we would like your help! If you or a member of your family works in a profession that helps others in any capacity, then we would like you to come in and talk to the children about your job. It will also be great if you could bring in any resources that you use in your job such as a stethoscope if you are a doctor or tools if you are a builder.

If you are able to sign up to this exciting opportunity or would like further information, then please see your child's teacher or send a message through Tapestry or Class Dojo by **Monday 12 December** where you will be able to choose a specific date. Visitors will begin to come into school on the week commencing **Tuesday 3 January** until **Friday 10 February**.

We are sure that the children will love this dress up day and enjoy exploring different occupations.

Thank you for your continued support.

Yours faithfully,

Mrs S Bretton
Assistant Principal Early Years Lead
